Kingdom: Undersea Creatures: Extreme Encounters with Aquatic Beasts (Paperback)

By Nam Nguyen, Sarah Hines Stephens

Pan MacMillan, United Kingdom, 2011. Paperback. Book Condition: New. 287 x 206 mm. Language: English . Brand New Book. Earth is a water planet-almost two-thirds of it is covered by ocean-and while a sliver of life exists on land, most of the planet's population thrives in the seas. Life underwater requires special adaptations that sound more at home in a special-effects lab than in one of the earth's largest ecosystems. Internal lights help dwellers of the deep seas pierce the darkness. Regenerating teeth keep hunters armed and sharp. Color-changing abilities hide vulnerable animals from predation. From the Great White Shark at the top of the food-chain to the Leafy Sea Dragon at the bottom, readers can explore what it takes to survive in this extremely crowded, high-pressure, watery world.

Reviews

Very good electronic book and useful one. it absolutely was writtern extremely completely and useful. You will not feel monotony at at any moment of your respective time (that's what catalogs are for relating to when you question me).

-- Prof. Noah Zemplak DDS

It in a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Mr. David Friesen IV
