What a phenomenal book to teach our children and grandchildren the laws of life. The story of Ralph is inspiring and we should all want to have our families read this series of books in our homes. We believe that these books will be read to children around the world for years to come. This is an absolute home run! Reid and Yvonne Nelson As parents to 11 children, we have read many books to young people. One of the joys of a parent is being able to read a book to a child. The Ralph series may just be the next book that America falls in love with. J.R. Nelson might be the next Dr. Seuse. Dave and Valerie Johnson Business owners Kids love the idea of flying. They have this inner universe, exploring all possibilities in their mind. To them flying is as much reality as is swimming, just that you do that in the air. Lydia Proschinger, Success Coach It is about time that a childrens book with subject matter as important...

### Reviews

*This ebook is worth purchasing. It is written in straightforward words and not hard to understand. You will not feel monotony at any time of your respective time (that's what catalogs are for about in the event you ask me).*

*This book might be worth a read, and superior to other. Of course, it really is engaging, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.*
