Essentials: Renal, Gastrointestinal and Hepatobiliary Systems

By Neil Roy

iUniverse, Inc. Paperback. Book Condition: New. Paperback. 263 pages. Dimensions: 9.0in. x 6.1in. x 0.7in. In medicine, time is always limited. In the USMLE Step 1 examination, students have roughly 70 seconds to answer each question-when on clinical rotations, attending physicians expect immediate answers without hesitation. Using Essentials: Renal, Gastrointestinal and Hepatobiliary Systems, students can gain a complete understanding of the physiology, pathology, and pharmacology of each system with the proficiency required to rapidly answer even the most difficult questions. Within this book students will find a learning method designed to test immediate recall through a series of questions ranging from simple to complex. This book serves as both a solitary source of review, as well as a complementary source to any reference text. A few of the things inside: A time tested method for making the most out of time spent reviewing. Recommended reference sources which best compliment this book. Stratification of questions based on difficulty. Complete review encompassing all pathology, physiology and pharmacology. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

This sort of book is every little thing and made me searching ahead and more. Sure, it is actually play, nonetheless an amazing and interesting literature. You wont feel monotony at whenever you want of the time (that's what catalogs are for relating to in the event you ask me).
