He's not only making politics cool, he's outpacing Google and iPhone, the icon brands of this century, states David Jones, CEO of one of the world's biggest advertising agencies. (Euro RSCG Brand Momentum Study, 2008) The target of this paper is to analyze from a marketing point of view the mechanisms which helped Barack Obama turn the game around against initial odds. For this purpose, we will first of all deal with the theoretical bases of brand management. We will examine in detail the characteristic features of a brand in order to answer the question as to what extent the comparison of President Obama to a brand is justified. The subsequent analysis of the functions of a brand has the purpose to explain in what way brands are capable of increasing a product's (or person's) perceived value to the customer (or voter). 32 pp. English.
