Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1895 Excerpt: . . . and a well settled and comparatively homogeneous population, it may not be so clearly the duty of the Government to actively protect them all and prevent them from being crippled or ruined through want of intelligent management. But here, where the whole community is in constant peril of financial, social and political disaster, because of its dependence upon one industry only, it would seem to be the duty of our Government to follow the example of the governments of other countries in seeking to create and build up new industries, especially such as will promote the growth of the political institutions which now exist. Estimated Value Of Coffee Plantations. --Regarding the coffee industry as a source of Government revenue, the Commission is informed that in the island of Ceylon, the coffee plants have, when in full bearing, for some purposes, the value of one dollar a tree. It seems to the Commission that the same valuation may be justly placed on the plants here, if the planters meet with anything like the success they expect. For purposes of sale coffee land with full bearing trees upon it, would be worth 500 per acre, allowing only 500 trees to the acre, and calling the land nothing. On this basis the value of 20. 000 acres with coffee trees in bearing would be 10, 000, 000. ami at the present tax rate of one per cent. , if taxed at that value, the annual revenue to the Government...
